JIMMY THE GREEK'S FROZEN 4-MILER

Ready, set, go! In partnership with Jimmy the Greek's, this annual 4-mile race supports our "Send a Kid to Camp Fund". We had a great turnout despite the frigid weather, with just under 150 registrants! We want to give a massive shoutout to our extraordinary community, volunteers, and staff. A super special thanks to Landry's Shop'n Save for their water donation.

YOUTH SPORTS

We are thrilled to announce that basketball season is in full swing! Our travel teams have been having a blast partaking in friendly competition, honing their skills, and learning about the importance of sportsmanship. Meanwhile, our youth clinics have been busy focusing on the fundamentals of the sport, as well as teamwork, for all our future stars. We are grateful to our high school athletes and coaches for their unwavering support. Their presence at games and practices have gone a long way in building a sense of community among our players!

50+ CLUB

January was an exciting month for the group! They indulged in their monthly mystery meals, won prizes during BINGO game day, visited an art studio to paint their own pottery, and enjoyed popcorn during a matinee outing at the movie theater!

CONFERENCE

Our staff traveled to New Hampshire for the annual Northern New England Recreation & Parks Conference! From top-notch informative sessions to riveting discussions, they soaked up all the details and returned bursting with excitement to share their newfound wisdom. Get ready for some exciting plans in the future!

KIDS NIGHT OUT

Our group had the time of their lives, chowing down on pizza and cheering on the Maine Celtics! To top it off, they each came home sporting a new hat! We can't wait to catch the Maine Mariners game in March!

EARLY RELEASE CARE

Our January early release got a sizzling twist with a visit from Mad Science of Maine and their Fire & Ice show! We were treated to an explosion of laughter and got to be part of the electrifying performance!
